Thinking Out Loud

(By H. M. L.)

Admitting that the laws delays defeats justice frequently, permit enemies of society to escape justice, murderers to avoid the noose, and lesser felons to sidestep just punishment, lynching is still inexcusable from any standpoint of civilization. Savage mobs are no substitute for the people's tribune. The mob, numbeing scores as a rule, takes a defenseless man from his cell, and strings him up. Not one among that bloodthirsty gang would undertake the job alone. The cowardice of the individual is lost in the blood lust of the pack. Justice is not served but is degraded.

The inescapable fact, however, which clothes lynching with a specious mantle of virtue, is that the law does not protect, as it should, property or life. It is argued, therefore, by citnzens, who take the low into their own hands, that lynching is the epitome of speedy justice. Lynching is too speedy. The mob frequently hangs, or burns, or riddles with bullets, the innocent. Many a negro in the south has been tortured to death who was not even remotely connected with the crime of which he was accused.

The remedy for halting justice is not lynching, but a purging of the bar and bench of those who stand in the way, of certain and speedy justice. Lawyers who amass fortunes in the defense of criminals, often actually silent partners in crime, corrupt judges, such as those turned up last year in the New York City investigations, bribed peace officers, and rascally district attorneys, are in the main, responsible for the failure of courts to function, and the failure of prompt and effective law enforcement. Until the bar associations of this country bestir themselves and rid the profession of incompetents and rascals, lynch law will be substituted sporadically for courts and juries.

Every now and then some man murders another in a fit of jealously. This kind of murder undoubtedly is a survival of the days of the Neanderthal men. In those remote ages it was perhaps a test of the fitness to survive that women imposed upon their suitors, or that men, but little removed from the brute creation, submitted to as a matter of code. The brawniest and most cunning male of the tribe took his pick of the women, after murdering sundry rivals. By this severe test weak males were eliminated and the tribe waxed strong and dominant in the land. The eests of manhood are now much more rigorous than in the pre-glacial age, but the impulse to kill still, survives in certain child-like mentalities inherited from prehistoric fathers.

Sonoma county apple growers, are irked because they are having difficulty securing pickers for their orchards, while the WPA always finds plenty of men for its projects. Is it about time that those directing Federal relief be empowered to cut anyone off the roll who has been offered a job in private employment at living wages? Why not give relief directors the authority to hire out their workers to private employers under conditions that safeguard the workers and insure their pay? What we suspect in the Sonoma county case, where so-called vigilantes have organized, is that the orchardists offer to pay less per hour than the WPA pays, though press dispatches are silent on that point.

NEW ELECTRIC RIP SAW FOR BUILDERS' SUPPLY

On Tuesday the Builders' Supply House on Spring street completed installation of a two horse power motor, saw table with 14 inch rip saw; 12 inch cut-off saw, all electrically driven. This new equipment is proving a big benefit as the lumber can be cut or ripped according to orders.

The new company will soon have a complete mill and bench work shop where carpenters can come and do their work if they choose.

Mr. Fred Conner, manager, has placed a new and original bulletin board at the front entrance. On it this week were the words, "Come on in and get acquainted." It will carry information from time to time for the buyer. Mr. Conner says: "Watch the bulletin board."

Mrs. H. W. Sheldon of Berkeley visited Nevada City friends Sunday.

STATE TRAINS BOYS FOR JOBS ABOARD SHIPS

The California Nautical School was established in 1931 by act of the legislature for the purpose of training young men of California for service as officers in ships of the merchant marine. The school is operated as a unit of the state Department of Education, with equipment and financial support of the United States Navy.

Students are selected by competitive examination. Although no scholastic preparation has been defined, candidates should be graduates of high schools, and they must be between the ages of 17 and 22 years.

Completion of the course of instruction requires three years. The school year is divided into a scholastic term and a cruising term. The scholastic term in spent at the shore base of the school, on San Francisco Bay. The cruising term occupies about five months a year. During this period the entire school organization embarks on the training ship—U. S. S. California State—for a training voyage. Thus the work of the school is strictly practical in that each student actually applies, on board the ship, the theoretical training of the classroom. Cruises of the California State have taken the cadet corps around the world, around South America, and to most of the ports of California, Hawaii, Central America, and the West Indies.

Graduates of the school have been uniformly successful. Three classes have been graduated in the last three years. All of these graduates have procured immediate employment. There is an existing demand for the graduates that cannot be filled. This demand has grown with recognition of the excellence of the technical and character training afforded by the school.

The major costs of the school training are borne jointly by the federal government and the state, and fees are relatively low. The intention of the school and state is to select young men for this training who are adaptable to the high disciplinary and scholastic standards of the institution. Requests for information should be addressed to: Training Ship, California State, Tiburon, California.

A class of approximately one hundred students will be admitted to the California Nautical School about October 21, 1935.

No students have been entered in the school for two years. To permit entrance of applicants who have been barred without fault and who could not now come within the usual age limits, the upward age restriction will be modified for entrance of this class only. Applications will be received from candidates who will not be more than 22 years of age on December 31, 1935.

Entrance examinations for the selection of this class will be conducted at: Eureka, September 13; Fresno, September 14; Los Angeles, September 13; Sacramento, September 13; San Francisco, September 14.

A successful candidate will be notified and required to report to a medical examiner in the city in which he took his mental test for physical examination within the ten day period beginning September 18.

It is expected that cadets to enter the school in this class will be selected and notified not later than October 1935.

NEW BRUNSWICK TO HAVE SIX FLOTATION UNITS

Six new flotation units are being installed at the New Brunswick mine. The Dohr classifier to be used at the Brunswick is similar to the one at the Idaho Maryland.

A new compressor, twice the horsepower of the present compressor, has arrived from Arizona. Under the direction of Army Adams, chief of construction, and Walter Merrigan, boss carpenter, a compressor house is being constructed.

When the installation of the new mill and other equipment at the Brunswick is completed, the mine will rank along with the Idaho-Maryland as one of the most modernly equipped mines in the state.

CHINESE MERCHANT NABBED FOR FAILING TO MARK NET WEIGHTS

Judge C. A. Morehouse of Grass Valley fined A. Y. Fong of that city $100 in his court Weednesday afternoon. Fong was charged with refusing to mark net weight on packages of merchandise in violation of the net container act of weights and measures.

The arrest was made by Mr. L. G. Lageson, as sealer of weights and measures. This is Fong's second offense, he having been arrested only a few weeks ago.

SCHOOL IMPROVED

A big benefit dance will be staged in the local Masonic hall on Saturday evening, August 10, proceeds from which will go to the Camptonville Union grammar school district.

During the past year considerable improvement has been made on the school property by the Relief Administration, the expense of the materials for such work having been paid by the school district, making their fund somewhat depleted. The money made from the dance will be used for other necessary purposes of the school.

FOREST SERVICE GETS WPA HELP

A new telephone system has been installed in the head office of the Tahoe National Forest Service in Nevada City. The exchange requires two operators during the fire season.

The large room in the Elks building, adjoining the Tahoe Forest Service office and formerly occupied by the Chamber of Commerce, is now being remodeled and renovated for needed space in the forest service office. Two windows are to be put in on the north side, or Commercial street to give more light. This room will be used for the accounts department.

Superintendent R. L. P. Bigelow stated yesterday morning that preparations are being made to start the WPA in all four counties, Nevada, Sierra, Placer and Yuba, as soon os the federal employment agency can give the required men. They have been authorized to put on men enough for 48 man months. There will be fire suppression crews, telephone line construction, camp ground construction, roads and trails.

A fire, caused by sparks from a tractor which was out of order on forest road work, burned near Omega Wednesday evening. Boys from the CCC camp on the Tahoe-Ukiah highway were called and had the fire under control after it had burned over about two acres.

FORMER OPERA SINGER GUEST OF MRS. SCARFE

Mrs. George Scarfe of Nevada City has as a guest Mme Evans-Burrill, primi donna, of San Francisco, who is known in private life as Mrs. Telula Evans-Burrill. They met several years ago and are again enjoying reminiscence of happy times.

Mrs. Evans-Burrill has been located in San Francisco for a number of years as an instructor. She was born in Tennessee not far from the home of the present noted Grace Moore, who sings over the radio. For fourteen years Mrs. Evans-Burrill sang in opera houses all over the United States, Great Britain, Scotland and Ireland. She had a repetoire of over fifty operas, and has appeared before royalty in England. She has a wealth of pleasant recollections about her operatic appearances.

MANY AT SERVICES FOR DECEASED MINER

St. Patrick's church auditorium was filled with family members and friends and members of The Mine Workers Protective League at the funeral of the late M. F. Hussey, who was accidentally killed in a mine accident last Sunday. Rev. Father T. J. Morgan conducted the mass at 9:30. Burial followed in the Catholic cemetery in Grass Valley.

Pallbearers were: Pete Sutherland, Thomas Brady, D. McCarthy, Elmer Poor, Ed Jones and Phil Dowd.

Thousands to Gather at Historic Nor. San Juan's 2-Day Fiesta

Harvey Trubschenk and Frank Miller, of the San Juan Fiesta committee were in town yesterday and they report that the outlook is now for 5,000 visitors at the Fiesta which will be held Saturday and Sunday, August 17 and 18, in the historic old town of North San Juan.

People who moved away twenty and thirty years ago are coming back to shake hands and to visit again the scenes of their boyhood and girlhood. Thousands are going up to enjoy the great two-day program of songs, oratory, music, vaudeville and dancing. The new community house is being rushed and the volunteer builders now promise a building ready and waiting for its initial celebration and dedication.

W. E. Moulton, of San Juan and French Corral, who has put his shoulder to the wheel with a right good will is going to light the town with electricity from a brand new Delco plant costing $1,000. The plant will be used after the celebration to refrigerate and light his big general merchandise store in San Juan.

Wholesale houses in Sacramento and San Francisco are contributing cash for the construction of the community hall and for the fiesta.

In Nevada City the merchants are giving the celebration whole-hearted support. Mrs. Christian Andersen, who has charge of the program and of the ballot sales report a tremendous demand for space in the program and for the ballots which are giving away with merchandise by the merchants, many of whom report old bills paid and new accounts established by this means.

New subscriptions are rolling into the office of the Nevada City Nugget which is giving away 3000 votes with every new subscription.

The splendid new Bulova watch which is numbered among the prizes which the successful candidate for queen of the San Juan Fiesta, will receive, is now on display in the window of A. Hartung in this city.

The Dickerman Drug store has donated a beautiful door prize and Alpha Hardware of Grass Valley has also given a handsome door prize.

Christian Andersen, who has had charge of many such affairs as this fiesta, declares he has never before experienced such a generous outpouring of cash and personal services as that accorded the people of North San Juan, and the San Juan Ridge Improvement League in this celebration.

It is announced again that on Saturday night at the close of business all ballot selling and voting will cease. The only exception to this rule, is that the sale of ballots with tickets to the San Juan Fiesta dances will continue until Monday evening. On Tuesday evening in the Nevada City Nugget office, two tellers from the Bank of America will count the ballots cast for the six candidates. On Thursday, August 15, the ballots cast in the Fiesta ticket sale will be counted and then the name of the queen will be proclaimed. The other candidates, with the queen will be princesses in waiting, and will be guests of the San Juan Fiesto committee for the two day festival. They will also receive many pleasant surprises in the way of honors and gifts.

Three newspaper men will supervise the ballot count: Harley M. Leete of the Nevada City Nugget, John W. O'Neill of the Grass Valley Union, and Tom Arden of the Sacramento Bee.

Christian Andersen announces that the crack orchestra of Charley Babb of Sacramento, which for the Fiesta, will take the name of the "Greater San Juan Fiesta Orchestra". Special numbers, under his lively baton have been prepared for this event.

THE VOTE TODAY STANDS THUS

The vote as counted yesterday reveals Dorothy Thomas again in the lead in the race for queen of the San Juan Fiesta. The score as tallied yesterday with some votes still held out, was as follows:

Dorothy Thomas of Nevada City—78,890.

Lois Davis of Forest—58,810.

Lois Kessler of North San Juan—50,690.

Adele Cunningham of North San Juan—50,020.

Beth Young of Nevada City—44,960.

Irene Browning of French Corral—33,350.

OSCAR DAHLSTROM OF NORTH SAN JUAN ILL

Oscar Dahlstrom, superintendent of construction of the new North San Juan municipal hall was taken seriously ill Sunday. Friends took him to the Landis Clinic in Grass Valley where he was cared for. He is much improved and was able to return to his home on Tuesday.

Mr. Dahlstrom has been working very hard as superintendent of construction on the hall and doing a fine piece of work—and incidentally without any remuneration.

MRS. BIGELOW IMPROVING

Mrs. R. L. P. Bigelow, who has been seriously ill, is very much improved. She is under the care of Dr. W. W. Reed. Mr. Bigelow's niece, Miss Mainwaring, trained nurse of Pacific Grove, is taking care of Mrs. Bigelow.

CARD PLAYERS THRONG TO AID SCOUT ENVOYS

Seldom in annals of Nevada City have so many people gathered at a benefit card party as the throng which flocked into Armory Hall last Wednesday evening and pleasurably did their bit for the Scout delegates to the National Jamboree at Washington, D. C. The receipts of the evening were $124.39 and Elza Kilroy, chairman of the scout fund committee declares that the evening swelled the fund measurably toward the goal.

Kilroy was given a big hand by the assembled card players when he announced the rules of play, in appreciation of his long service in the Boy Scout and other progressive activities which must enlist public support in order to succeed.

Winners of prizes announced at the close of the evening were as follows:

Door prizes: Jack Widauf, clothes basket full of groceries. O, McCraney, 2½ tiers of pine stove wood; Mrs. Belle Douglass, 2½ tiers of pine stove wood.

Auction Bridge: Ladies — Mrs. Theresa Stevenson, Mrs. Leila Hieronimus, Mrs. L. W. Jefford, Mrs. Fontz, Miss Esther Tremaine, Mrs. Charles Ninnins; Men—H. M. Reynolds, Thos. Knuckey.

Pedro: A. Hartung, P. G. Scadden.

Dutch Whist: Mrs. L. Cicogni.

Pinocle: Mrs. Davis.

MAYOR SEAMAN IS SERIOUSLY ILL

Mayor Al Seaman, taken seriously ill last Monday, was reported last evening as slightly improved. The great number of friends which the mayor has made in his long life in this community are gravely concerned and anxious. During the last year he has devoted himself to looking after the interests of this city, at the park, on the streets and all phases of the city government, and, at the same time, he has tried to keep up with the work in his garage and blacksmith shop. It is the heartfelt hope of all those who know Mayor Seaman that he will soon recover.

PEAR CROP IS 60% OF NORMAL FOR NEVADA CO.

Nevada County has about a 60% pear crop this year according to a survey made recently by County Horticultural Commissioner L. G. Lageson. It is expected picking and shipping will start about September 10 from the Colfax Fruit Growers Exchange at Grass Valley and Pacific Fruit Growers Exchange at Chicago Park. Both plants made extensive improvements and enlarged their sheds to accomodate the crops of the county last year. Several car loads of local pears were shipped to Canada and the eastern states.

Mr. Lageson will inspect this fruit to see that it conforms with the standardization laws.

SPECIAL MEETING OF CIVIC CLUB CALLED

A special meeting of the Woman's Civic Club has been called for Monday evening, August 12 by Mrs. George Gildersleeve, president. Plans for the annual flower show and other important business will take place. All members are urged to attend.

CHAMPION CIRCLE

Champion Circle, Neighbors of Woodcraft, Thimble Club met yesterday at Lake Olympia for a delightful picnic and party. Cards were the diversion of the afternoon. Refreshments brought a most enjoyable time to a close.

Our Duty at the Polls

(Contributed)

Next Tuesday the people of California will go to the polls in a special election to vote on three constitutional amendments. Proposition number one would authorize a bond issue of $13,950,000 to make possible a $25,000,000 building program on state institutions. Proposition number two would permit the state to issue notes to raise money to run the government until taxes that have already been levied have been collected, at which time the notes would be repaid. Proposition number three would give the state authority to borrow Federal funds to provide a good water supply for its institutions in the vicinity of Napa.

However unexciting these proposals may seem, it is the solemn duty of every citizen—as always if we are to preserve democracy—to weigh them seriously, judge them carefully and then to vote.

Although the voter must reach his own conclusions, so far as thorough research can deteermine these all seem to be merely common sense proposals that will save the taxpayers' money, and work certain needed improvements.

Enlargement of prison, asylum and other institutional facilities, now intolerably overcrowded, has become absolutely necessary. And the state, by appropriating thirteen million, will be able to get the remainder from the relief fund of the government to start a project that will put men to work, speed up factories, and increase purchasing power.

Proposition number two seems especially logical. Heretofore the state has had to issue warrants to banks to get money to use while taxes were being collected. By selling tax-anticipation notes, the state can save something like two millions a year, and the interest will go to people buying the notes rather than to the banks.

But the chief danger this proposal will eliminate is the one which has brought California too close for comfort to the demoralizing habit of diverting gasoline tax funds. Some time ago relief money had to be borrowed from the gas tax fund, simply because money already provided for was not yet on hand.

Such a procedure, repeated often enough, could conceivably lead to permanent gas tax diversion. Like the attempted severance tax on petroleum last spring, such diversion would merely load more unjust weight on the already overburdened shoulders of the motorist.

SCOUTS LEAVE FOR WASHINGTON NEXT TUESDAY

Less than a week intervenes before one of the ten Jamboree special trains from Region 12 pulls into Auburn to take Tahoe Council's Jamboree Troop of thirty two Scouts and four leaders to Washington, D. C., as part of the gathering of 30,000 Scouts celebrating at the invitation of President F. D. Roosevelt, the 25th anniversary of scouting in the United States.

Today at 9 a. m. these scouts will start their final training at Camp Pahatsi in preparation for their trip. Three days will be spent practicing special features of camping, making and breaking camp, setting up tenting facilities, practicing Tahoe's part in the regional pageantry and campfire entertainment as well as learning to serve together to secure a troop morale.

Each scout must carry all his belongings and change of clothing in pack sacks on pack frames. These sacks are forest green and exactly alike. Each scout will have only certain selected items of clothing and costumes for pageantry. Each scout patrol will have a ptarol box containing patrol equipment. In addition the troop will have a troop box for general equipment, first aid, flag poles and materials to make a gateway and outline the 90 by 90 feet area which will be their home at Washington. Another crate will contain a 6x15 foot canvas painting of Sutter's Mill which will be part of the gold rush pageantry this council is responsible for. Max Stressberg of Auburn is loaning the canvas which was the one displayed over his store during the recent Gold Show. Forty niner costumes for both men and women, picks, shovels and gold pans will make up the rest of the gold rush display.

Jamboree scouts will report at 6 p. m., Tuesday, August 13th at the Auburn Union Grammar School for formation and parade, led by the American Legion drum corps to the Nevada street railroad station where a final check up and leaving pictures will conclude three months preparation for the trip.

Each scout will carry with him a "trek book" in which to write a daily record of the trip and his experiences. Places will be left for pictures and literature picked up during the trip. In years to come this will be a prized possession. A side bag will be used on sight-seeing trips to carry cameras, poncho and literature. Moving pictures of the Tahoe Troop will be taken on the trip and should prove highly interesting to the communities on the return. Special sight seeing trips are to be made in Salt Lake, Chicago, Ford Plant in Detroit, Niagara Falls, and Canada, West Point, two days in New York, Philadelphia, 10 days in Washington, Cincinnati, New Orleans, El Paso and Mexiço, and Hollywood.

The Jamboree Troop with Scout Executive Harris Ricksecker in charge will have three assistant scout masters. Jack Mackey will be responsible for routine, camp setup, inspection, roll calls, equipment, letters home, passes and formation of troop. Sam Partridge will be responsible for activities, campfires, trek book, accounting, excursions, parades and morale. Fred M. Stephens will be responsible for physical, such as commissary, first aid, exhibits, pageant, education, and train recreation.

Four patrol leaders have been selected: Paul Burbage, and Ben Ramsey of Colfax, Bill Harry of Grass Valley, and Bill Vail of Loomis. Duties for each member of the patrol have been assigned.

At Washington Mr. Ricksecker has been assigned an additional duty. Director of post office and communications for one section of 1200 scouts. Six assistants are necessary.

The local scouts making this trip are: Ray Wilde, Dick Marriott, Albert Pratti.

Only seldom is it that publicity in a national magazine comes to Placer or Nevada counties. This time, Camp Pahatsi and Kilborn Lake the year-round camp for the scouts of Tahoe Area Council, receives national recognition in the August Country Gentleman. M. S. "Klondike Ike" Beecher has writeen an article telling of the spirit of cooperation displayed by the people of the communities of Nevada and Placer counties who are interested in scouting. He has also told how the camp has from the "old cook shack" to the present group of buildings.

LATE REV. FRED KEAST IS BURIED IN S. F.

Rev. Fred Keast an early day miner and later ordained preacher died in Oakland Saturday, August 3. He was buried from the Trinity Methodist church on Market street on Monday, August 5.

The deceased was known by hundreds of friends in this district. He is survived by his wife, the former May Elizabeth Nettle of Grass Valley and the following children: Lydia M. Holden, Frederick E. Keast, Alice L. Rosenquist, Edythe E. Patter and Helen E. Forster. More distant relatives reside in Grass Valley.

The deceased mas a native of Corning, 65 years old.

ALL COUNTIES SHOW IN STATE FAIR THIS YEAR

SACRAMENTO, Aug. 5. — The new record of having every county in the state represented will be made at the 1935 California State Fair which opens for ten days on August 31.

Either through official county, o by entries in the educational, livestock, dairy products and other classes, the visitor to the state fair will see the resources of each of the fifty eight counties.

Thirty counties have already notified Secretary Manager Charles W. Paine that they will have elaborate exhibits in the big agricultural building and five are already on the ground setting displays in place. Several other counties are expected to swell the list.

Counties who have already entered official exhibits are: Alameda, Alpine, Amador, Butte, Calaveras, Colusa, Contra Costa, El Dorado, Fresno, Humboldt, Lassen. Los Angeles Mendocino, Modoc, Napa, Nevada, Orange, Sacramento, San Berardino, San Diego, San Francisco, San Joaquin, Santa Barbara, Santa Cruz, Shasta, Solano, Sutter, Tuolomne, Ventura and Yolo.

The heavy increase in school exhibits, especially from southern California, is giving representation to counties which are not taking space in the agricultural building.

Each of the ten states from the Rockies west will also be represented in the exhibitor lists.

ANCHO-ERIE

A fifty ton ball mill has been purchased for the Ancho-Erie mine in the Graniteville district. The mill was sent to the mine over the weekend. It is expected it will be installed immediately.

The Ancho is the most active producer in the Graniteville area. It has a production rate to date of about $565,000.

A. M. TOM
HERB SPECIALIST
TO WHOM IT MAY CONCERN:—
For years I was a sufferer from constipation. My blood was out of order and my kidneys and bladder bothered me terribly causing dreadful back-aches. On top of all this I had female trouble.
I tried several doctors but none helped me. One recommended an operation which I dreaded as a previous operation did not help me.
One day my husband noticed A. M. Tom's advertisement and suggested that I visit him. Having taken Herb treatments for five weeks, I am well again, and able to go back to work.
I cannot praise A. M. Tom too highly and if you are suffering I honestly recommend you to see him as I know what he has done for me, he can do for others.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Aug. 8.—Some little activity in real estate and improvements has been carried on in this section during the past year.

Richard R. Pfiffer who recently took over the old Locey property on Jackson street is erecting a new nine room log residence.

William Shorn of Sacramento last week bought out the log cabin and mining claim of Burton C. Lund, Jr., located on Oregon Creek at Celestial Valley. The new owner is foreman in the Southern Pacific shops at Sacramento and intends making a summer home and week-end residence out of his newly acquired property.

Andrew J. Massa recently purchased the old Horwege property on upper Main street from Mrs. Fred C. Kendall, and his is residing there.

Mrs. Anna G. Grove has just completed an addition of two new rooms to her home on upper Main street. Frank M. Rumbaugh did the carpenter work.

William A. Lang has just completed an addition to his garage located on the highway.

Fred G. Schmeichel is completing his home on his mining property at Willow Creek where the Oak Valley road intersects the highway.

Mrs. Rachael is having a new roof put on the woodshed and part of the hotel building. She recently laid a considerable length of new pipe on the upper end of the water main of the local water works. Lee Bullington is doing the work for her.

J. W. Morehead is completing his new home on the property recently acquired from the Tannery Ranch above town.

Mr. and Mrs. William Burns made improvements on their property on Campbells Gulch below town.

An enjoyable social gathering was had at the home of Mrs. A. Martinnone Thursday evening when a number of Oak Valley residents dropped in and an evening of music was enjoyed.

The George McCoy family have recently moved from the old Calvin Ranch to a better location on Willow Creek below the Pendola bridge.

Jack Kennady left Monday for Georgetown where he will be employed in a saw mill.

A number of local young people dropped in at the home of Mr. and Mrs. Acton M. Cleveland Thursday where a social evening was spent in music and dancing with refreshments at a later hour, the following attending: Mr. and Mrs. Erle Pauly, Misses Betty Wallace, Matilda Hanson, Dorothy Hays, Margaret Belyea, Bill Groves, Myron Pauly, Sam Oaks, Kenneth Schurr, Frank W. Meggers, James Titus, Mrs. Guy Tabler, Guyla Tabler, Theodore Tabler, Frank Pendola, Bill Pendola, Jack Newsom, Miss Harriet Church, Mr. and Mrs. Acton M. Cleveland.

Mrs. Olive Groves, William Groves, Postmaster Lydia O. Groves and Miss Marion Belyea motored to Grass Valley Sunday evening.

WASHINGTON NEWS ITEMS

Sixty members from the upper and lower camps at the Spanish mine above this city, enjoyed a picnic on Canyon Creek last Wednesday. Swimming and games were the diversions of the afternoon after which a delicious lunch was served. All remained until evening when a big bon fire was built and the time passed all too quickly in singing of many songs. The two camps held a picnic a short time ago and it was such a success they decided to hold one every two weeks. Mr. W. White, who with his family moved to Sacramento from Nevada City several months ago, was the sponsor of the last one.

There are so many children at the two camps of the Spanish mine that the mine has purchased a new school bus. The bus will go to the lower camp for the children. School has been delayed on account of mumps among children at Washington and the illness of the teacher. This is one of the Nevada county schools which has a long vacation around the first of each year on account of the severe winters. School is about a month late this year but is expected to start Monday, August 12.

Kenneth Younkin, who is at the Spanish mine, left Monday for Pomona where he will visit his brother. They will attend the San Diego fair before he returns home. Mrs. James Brown, his sister, accompanied him to Nevada City where they spent Monday night.

KENESLBACK MINING PROPERTY IS SOLD

J. Y. Ownby, mining man, came up from Los Angeles Wednesday stopping over in Nevada City while enroute to his property at Alleghany. Mr. Ownby, with a partner, purchased the Kenselback mining ground from Langdon Smith last year. It is two miles northeast of Alleghany and near the Plumbago mine. On this trip to the property he is to decide whether to start operations or wait until early spring. Snow drove him out last fall.

Mr. Ownby has just finished a mine contract in the Nemac district near Mojave, but states this section looks far better to him.

He has been interested in mining in the Alleghany district for about six years. He held a lease on the Bald Mountain at Forest and sold it, late he took a lease on the South Fork property and sold it, also retaining an interest in the property. Mr. Ownby stated the South Fork property is being dorked by the South Fork Cons. Mining company of Santa Barbara. The company operated last winter and at present have quite a crew employed. New mining machinery is being installed at the property.

SLATE RANGE SAW MILL MOVED TO GEORGETOWN

CAMPTONVILLE, Aug. 8.—The old Slate Range saw mill built in the early days by W. B. Meek and John Martin, purchased from them many years ago by the Pacific Gas and Electric Company, located seven miles from town has recently been dismantled and shipped to Georgetown where it is being put up and will cut timber for a mining company.

This mill was in operation at the time the Colgate power house and flume was built and cut 16-million feet of heart lumber for this construction which lumber was transported to the tramway by logging teams and a steam wagon over a private road built for this purpose.

The plant was never operated after the P. G. & E. company bought it, and was left in charge of Elmer S. R. Hall as caretaker who took care of the property up until it was recently dismantled. Hall, almost a life long resident of this section and an old employee of the company has been transferred to Colfax where he is stationed on one of the company's canals. His many friends regret his leaving this section as he was a prominent figure in the everyday life of hte community. He was also local weather observer for the United States Weather Bureau and kept tabulation of the temperature, and rainfall.

Mr. Howard Dennis, mining man, left Nevada City a few days ago to accept a position in a mine at Packard, Nevada.

ALFRED WILLARD GAME COMMISSION APPOINTEE

Mr. Alfred Willard, game warden of Rocklin, Placer county, was a Nevada City visitor Monday. He has just been appointed Captain of the Fish and Game Commission over nine counties, among them being Nevada, Placer, Sierra, Butte and Glenn and Colusa.

Mr. Willard will have his headquarters in Nevada City. He has rented the Bolton house on Walrath avenue and will move here with his wife and children, assuming his new duties about September first.

BIG PARADE FOR V. F. W. CARNIVAL ON AUG. 11

As far as can be ascertained at this time the line of march for the big parade of the Veterans of Foreign Wars on the morning of August 11 in Nevada City will start in front of the Methodist church on Broad street at about 11 o'clock and proceed to Red Men's Grove at the end of Park Avenue on Grove street.

Massed colors, all posts of district.

Lansdale Post, drum and bugle corps, of Sacramento. This post won championship honors at the California and Nevada, Department convention at Bakersfield in June, for their drum and bugle corps.

Scotch Kiltie Band, followed by Ladies Drill team.

Riley-Bluett Post of Sacramento, and drill team.

Promise has also been made that the Elks drill team of Oroville; and drum and bugle corps from Post 1010, V. F. W., of Emeryville, will be in the parade. The Emeryville post is the largest in the state.

Hague-Thomas-Hegarty Post of the American Legion of Grass Valley will also participate in the parade and celebration.

Commander C. E. Bosworth, of Banner Mt. Post this city, and Captain Frank Williams of Lincoln, are working hard to make this one of the finest veteran affairs ever held in this section, and it is understood that it is to be a yearly event.

A Glimpse of Building Activity

VOL. 1. AUGUST 9, 1935. No. 18.

Improvements and alterations are made more practical than ever before for the family with good credit through the credit facilities made possible by the Federal Housing Act. We can advise you regarding these loans.

The new theatre being constructed by contractor Ralph Cochrane at Truckee is being finished with Celotex in a new colored board and a new decorative treatment, being decorated with grooved lines in pleasing designs.

When your painter figures your job have him specify Good Materials. We sell the Dutch Boy products and also the Pabco Painters materials and results from the use of these fine materials are uniformly satisfactory and the cost is held down.

Plasteing on the Lagerquist home is being done by Plastering Contractor C. Fertig. George Bobst is the general contractor in charge of the work.

A good shingle roof properly applied with galvanized nails gives you the longest roof protection so far developed. We have the proper shingles in red cedar and also in redwood and have just stocked a shingle stain in several colors that will give you beauty and protection on your shingle roof.

Flooring Contractor C. E. Pearce is laying the oak floor surface of the new home of Mr. and Mrs. Bolton. The flooring is ½ by 1½ tongue and groove and presents a very fine appearance. The general contract for the construction of this home is being carried out by Contractor John Bertelsen.

A SURE THING

The midday whistle had blown when Murphy shouted:

"Has anyone seen me vest?"

"Sure, Murphy, said Cassidy," ye've got it on."

"Right an' I have," said Murphy. "An' it's a good thing you noticed it or I'd have gone home without it."

MOTHER OF NEVADA CITY RESIDENTS PASSES ON

Relatives in Nevada City have received the sad message of the passing of Mrs. Carey Chambers, aged 63 years, of Chico, on Friday, August 30. She was a native of Birchville, Nevada County, and was the widow of the late John Chambers, who has been dead many years.

Mrs. Chambers known affectionately as "Aunt Carey" has visited in this city on numerous occasions. She was a splendid Christian woman and mourning friends were legion in Chico where she had resided for years. Left to mourn her passing are three sons, John, Leo, and Raymond Chambers; three daughters, Vera, and Josie and Mrs. Teresa West; three nephews, Henry Allen, Robert Allen and Gomer Hopkins, of Nevada City, and niece Mrs. Julia Howe of Stockton.

QUALITY MARKET IN NEW MODERN QUARTERS

C. B. Hall and P. Bisaro, who have been located in the Quality Market at the corner of Pine and Commercial street, have moved into the modern meat market in the Smith's Package store on Broad street. They report that they have retained all their old customers and have gained many new ones. Hall has had a long successful experience in the meat market business, having established the original market in the Purity Store in this city.

FORMER RESIDENT OPENS DENTAL OFFICE

Dr. Alvah N. Morgan, a former resident of Nevada City, announces the opening of dental parlors in the Masonic building. Dr. Morgan is a graduate of the University of California and has been practicing his profession for the last several years in the southern part of the state. He states all patients will receive careful and courteous attention.

Mr. and Mrs. W. H. Roddy, who have resided for some years in Reno, have decided to make their home in Nevada City. Mr. Roddy has entered into partnership with Charles M. Brown in the Twin City Realty Co.
